

# Quarter 1

## TECHNOLOGY NEWS

Hello Mary Morgan Families!

We have been **SUPER** busy here in technology lab this 1st quarter! I hope your child has enjoyed coming to technology and has been sharing with you the great things we've been doing!

**HERE IS WHAT WE HAVE BEEN UP TO THIS QUARTER:**

<b>K</b>	<u>Mouse &amp; Computer Basics:</u> We have met our mice and have learned all about them! We have learned how to hold our mice using our whisker fingers as well as how to click, drag, and drop. Next quarter we will be learning new technology terms AND how to navigate our computer using our new mouse skills!
<b>1</b>	<u>Key Location:</u> 1st Graders began the year learning key location and logging in using our Clever badges. Students have been working on using their computer navigation skills to locate files. Next quarter we will be working in our Google Tools!
<b>2</b>	<u>Keyboarding:</u> 2nd Graders have been learning how to type using our new program—Typing Club—Typing Jungle. Students are encouraged to practice at home using their school login!
<b>3</b>	<u>Digital Citizenship:</u> 3rd Graders have been learning about the Three Rings of Responsibility. Ask them what responsibilities they may have and how these responsibilities may impact themselves, their community, and their world!
<b>4</b>	<u>Digital Citizenship:</u> 4th Graders have been learning about the importance of tracking their daily media choices using the What, When, and How Much framework to find a healthy media balance.
<b>5</b>	<u>Digital Citizenship:</u> 5th Graders have been learning about finding media balance. Students have been creating personalized media plans that allow them to feel healthy and balanced in their media choices.

If you have any questions please feel free to contact me, [biversen@byron226.org](mailto:biversen@byron226.org) or ext. 550.

I look forward to continuing to work with your family! ☺

Miss Iversen  
Technology Teacher
